PAREF Gestion is awarded the SRI Label for its SCPI Interpierre France

PAREF Gestion has received the SRI label for its SCPI Interpierre France, the oldest fund managed by PAREF Gestion, which today includes more than 3,000 unitholders. This is the first label awarded to a fund from the PAREF Gestion offering and marks a new stage in the firm's ambitious ESG strategy.

The PAREF group has formalised its sustainable development approach under the "Create MORE" strategic plan which is structured around three pillars: *REgenerate Nature*, *REunite People*, *REinforce Community*. "Create MORE" places at the heart of the group's strategy the need for a responsible approach as a 360° real estate player and supports the creation of value for all clients, partners, tenants, unitholders and stakeholders.

To this end, the group has decided to contribute to 12 of the 17 Sustainable Development Goals (SDGs) set by the United Nations, to which it has committed as a signatory of the UN PRI¹ and UNGC². It is in this context that the SCPI Interpierre France has obtained its SRI label and that PAREF Gestion has undertaken major commitments on the fund's portfolio of office, business and logistics assets, in order to control the environmental footprint of the buildings in the portfolio and optimise tenants' quality of life at work through enhanced governance.

Each asset, whether it is already in the portfolio or in the process of acquisition, is subject to an initial rating based on some sixty criteria, enabling dedicated action plans to be put in place over the following three years with the aim of ensuring the continuous improvement of the portfolio.

"Achieving the SRI label for our SCPI Interpierre France was both an objective and a natural step forward for us. A goal because this first label marks a new stage in the ambitious ESG strategy adopted by the group. And a natural next step, as it seemed most appropriate to begin our labeling process with one of our historical SCPI funds" says **Anne Schwartz, Managing Director of PAREF Gestion**.
